imagine. change.

Presented by: Ricoh Team

# Sustainability Success Stories

## School Of Nursing

Akil Johnson – Director of Operations

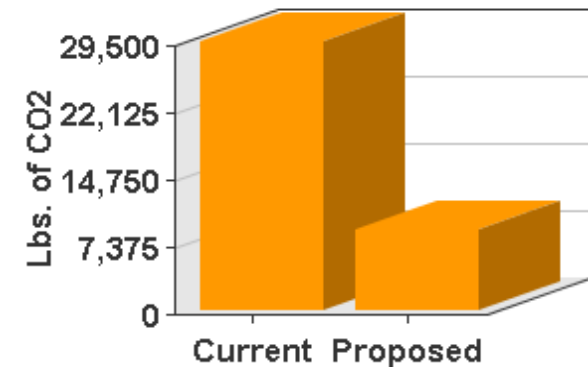

Matthew Richardson – Operations Manager

## Migrate Print to Fewer # of Devices

Previous state: 53 Desktop Printers, 5 Ricoh MFD's

Current state: 16 Ricoh MFD's

## Impact over the next 36 Months

Total Reduction in CO2 Emissions – 20,613 Pounds

Total Reduction in Electrical Consumption – 13,561 kWh

**Total # of Trees Saved – 491 Trees (~1.9% of Central Park)**

# Sustainability Success Stories

## Department of OBGYN

Ginaluca Matteo – Director of IT  
Dean Risteski – Systems Administrator

COLUMBIA UNIVERSITY  
IRVING MEDICAL CENTER  
Department of  
Obstetrics & Gynecology

## Migrate Print to Fewer # of Devices

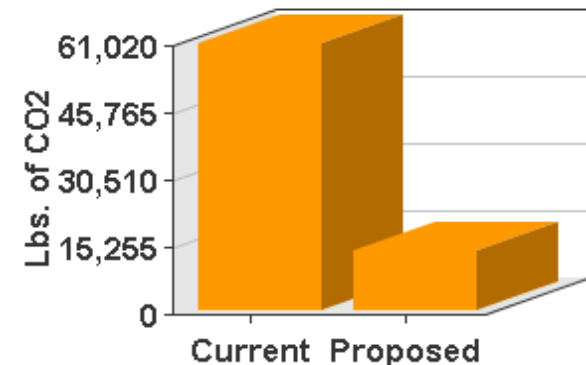

Previous state: 87 Desktop Printers, 8 Ricoh MFD's  
Current state: 22 Ricoh MFD's

## Ricoh Secure Print

All devices HIPAA compliant / Follow you

## Impact over the next 36 Months

Total Reduction in CO2 Emissions – 47,209 Pounds  
Total Reduction in Electrical Consumption – 31,059 kWh  
**Total # of Trees Saved – 1,126 Trees (~4.3% of Central Park)**

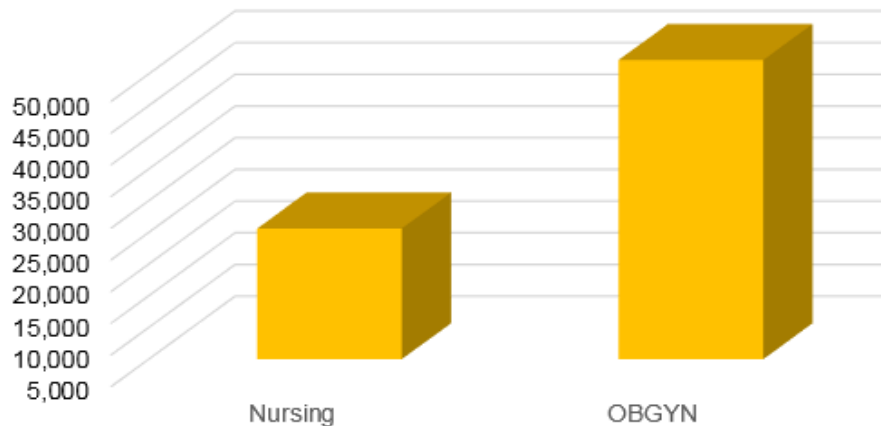

# Sustainability Success Stories

## Comparing Environmental Impact - 36 months

### CO2 Reduction (Lbs.)

**School of Nursing**  
CO2– 20,613 Pounds  
Electrical – 13,561 kWh  
**Saved Trees – 491**  
(~1.9% of Central Park)

**Dept of OBGYN**  
CO2– 47,209 Pounds  
Electrical – 31,059 kWh  
**Saved Trees – 1,126**  
(~4.3% of Central Park)

**Combined Saved Trees – 1,617 (~6.2% of Central Park)**
